

Missing Scouters Mountain Trail Connections

Planned Scouters Mountain Trail connects from Sunnyside Road, within the Happy Valley Town Center, to Scouters Mountain Nature Park. If the two missing gaps were filled in (0.18 miles, see arrows, below), this would represent the completion of an approximately 3-mile long section of contiguous regional trail. Further, if completed, this regional trail section would provide even greater connectivity to the nearby Happy Valley Regional Park; Happy Valley Wetland Nature Park and boardwalk system; and Happy Valley Elementary/Middle Schools.

- - - Missing Connections
 - Scouters Mountain Trail (Open)
 - Scouters Mountain Trail (Under Construction 2023/2024)
 - Powerline Regional Trail (Open)
 - Multi-use path (Under Construction)
 - Nature Area Boardwalk (Open)
 - Local Hard Surface Trails (Open)
 - - - Planned/Conceptual Regional Trail
 - Local Soft Surface Trails (Open)
 - - - On Street SM Trail Connections
